### New luxury pool villas for Kahanda Kanda Kadju and Kumbuk Villas debut

Last updated Nov 30, 2018

KK Collection has introduced two new luxury pool villas at its flagship property **Kahanda Kanda**, located near the thriving tourist capital of Galle on the Southern Coast of Sri Lanka. The two ultra-luxury villas have been created to further enhance the offering at Kahanda Kanda.

“The ultimate main objective was to maximise the space in each villa, along with the benefit of a private pool. We hope this will not only satisfy but exceed the expectations of our guests, as they take in our stunning decor, supreme comfort and complete privacy,” George Cooper, Founder and General Manager at KK Collection said.

The ‘Kadju’ villa has been designed to take in the sweeping views of the tea estate and jungle on which the property sits. Featuring French windows, intricate Indian prints and a dramatic metal four-poster bed with a canopied top, its design consists of a shaded entry pathway and lobby with banquette seating. Boasting classical, tropical interiors and an infinity-edge pool, Kadju offers exceptional tropical luxury living.

The ‘Kumbuk’ villa has been designed as a cottage-style retreat, set in its own large private walled garden. Featuring an outdoor, ‘under-the-stars’ shower and four sets of French windows framed by soft lime-yellow walls, the villa overlooks the pool and garden.
